This International Search Report has bee according to Article 18. A copy is being tra	n prepared by this International Searching Aut	hority and is transmitted to the applicant
according to Article 16. A copy is being to	ansinted to the international Edicas.	
This International Search Report consists	of a total of sheets.	
X It is also accompanied by	a copy of each prior art document cited in this	s report.
Basis of the report		
a. With regard to the language, the	international search was carried out on the ba	sis of the international application in the
language in which it was filed, un	less otherwise indicated under this item.	
the international search v Authority (Rule 23.1(b)).	vas carried out on the basis of a translation of	the international application furnished to this
b. With regard to any nucleotide ar	nd/or amino acid sequence disclosed in the in	nternational application, the international search
was carried out on the basis of th	e sequence listing : onal application in written form.
